

Checkpoint Meeting Minutes

Group Identifier: 14

Date of Meeting: 10 03 2017

Attendance Register:

Name	Present
FABIHA BINTA AHMED	X
JOAO FERREIRA	X
HAMZA BUSURI	X
BAYZID CHOWDHURY	X

If present mark with (X), approved absence (A), otherwise leave blank

Progress review of last week

Name	Task Description	Task Status
FABIHA	Implemented error checks where needed, for example made sure the user fills all the fields when adding a part to the stock. Also placed restriction on choosing past dates from the date picker.	O
FABIHA	Planned on how to make my module more efficient and user-friendly.	O
JOAO	Continued to implement the code with my colleagues.	O
JOAO	Implementing a GUI for the user, user needs its own GUI.	O
JOAO	Did some further error checking and debugging.	O
HAMZA	Completed all outstanding error checks or bugs in my module.	C
HAMZA	Designed the GUI in a way that makes it user friendly and more efficient.	C
HAMZA	Integrate all other modules with mine.	O

BAYZID	Continued to implement my code so that it works with other modules.	C
BAYZID	Implemented a way to calculate next booking date.	C

Max three rows per group member. Task status: (N) new (O) ongoing (X) no report

Other Issues and Risks

We are still working on the issue of how to make automatic deletion on the database so when a customer is deleted it doesn't delete the table row that are linked to the customer e.g. the vehicle or booking.
